To whom it concerns,

Coillte is the landowner of Killykeen Forest Park. Coillte is aware of Cavan County Council's interest in development proposals for Killykeen under the Outdoor Recreation Infrastructure Scheme.

We support the inclusion of the areas and proposed structures that comprise the Part VIII Planning Application, namely the upgrade of existing pedestrian bridge to include replacement of the existing timber structure and the installation of a temporary modular unit to include toilet facilities and retail space.

Coillte also works in strategic partnership with Cavan County Council in delivering a number of sites in County Cavan to enhance tourism provision in the region.
