Nurturing Abilities

Session Overview:

1. Introduction to Autism:

Understand autism and gain insights to further comprehend your child's unique needs. Learn how to create a supportive environment at home to foster your child's overall development.

2. Interaction and Communication:

Explore strategies to enhance your child's engagement and learn techniques to support your child's language development. This session will also introduce practical communication supports to help your child understand language and effectively communicate with you.

3. Play Development:

Delve into the function and development of play, understanding its various forms and how it may differ for autistic children. Gain practical knowledge on engaging in play with your child and creating an environment that promotes play skills crucial for their development.

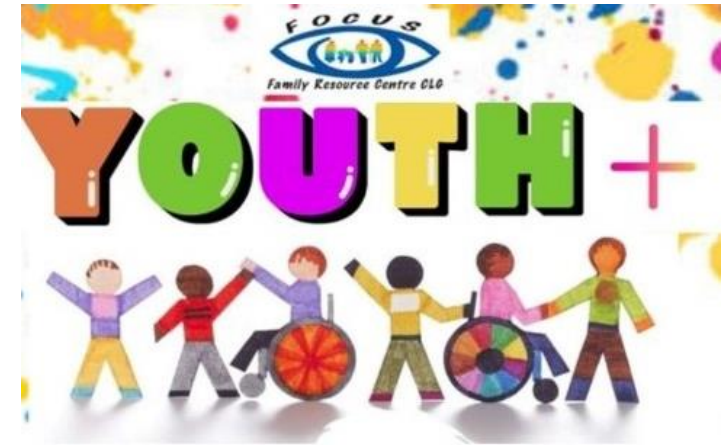

4. Supporting Behaviour:

In the final session, discover strategies to encourage positive behaviour, cooperation, and effective problem-solving. Learn how to approach challenging situations with compassion, focusing on prevention and thoughtfully providing support for your child.

Important Information for BoTP's residing in emergency accommodation

It has been agreed that for the period of 23rd December 2024 – 8th January 2025 BoTP's will not be subject to the absence protocol and may travel freely within this period.

The Department of Social Protection (Intreo) has advised that any BoTP intending to travel within this period must inform Intreo so that payment is not affected.
